The ESOP Association to Hold Annual Employee Ownership Tradeshow

The ESOP Association will host a Tradeshow at the highly popular Las Vegas Conference. The Conference, held for the past 18 years in Las Vegas, focuses on the technical aspects of ESOPs and attracts over 1,200 attendees.

The Tradeshow, the only one of its kind in the employee ownership community, allows individuals and companies the opportunity to network, display products, and showcase services to Conference attendees over two days. The Tradeshow is very unique in that it permits ESOP companies the opportunity to share products and services directly with other ESOP companies.

Conference attendees are mid to upper level executives of ESOP companies, with ESOP professionals making up the second largest group of attendees, with a significant number of CEOs from smaller ESOP companies in attendance as well. The two days are the most intense annual review of ESOP issues, led by top ESOP experts, of any program in America.
